Re: Federal Fiscal Year 2009 Highway Safety Plan

The Governor's Office of Highway Safety (GOHS) is requesting submission of proposals relating to highway safety issues from state, county, municipal, university, tribal, and non-profit agencies for the 2009 Federal Fiscal Year which commences 1 October 2008. The website (go.azgohs.gov) where you will submit your proposal will **open at 12:01 am on 1 April 2008 and will close at 6:00 pm on 12 May 2008.** **Please note:** this is the only method that a proposal can be submitted.

The FY2009 Highway Safety Plan will specifically target the following areas and proposals addressing these areas will be given priority:

- | | |
|---|---|
| 1. Speed
Exceeding maximum posted
Not reasonable and prudent
School Zones
Aggressive Driving | 3. Occupant Protection
Seat Belts
Child Safety Seats |
| 2. Impaired Drivers (over and under 21 years)
Youth Alcohol Violations
Holiday DUI Task Forces | 4. Emergency Medical Services
Extrication equipment |

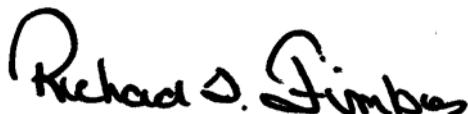

When developing your proposal, please keep in mind that we receive approximately \$3.6 million in 402 funds for the entire state. All enforcement related proposals must include an educational component. **In addition to applying for the 402 funds, this year, agencies who are currently members of a DUI task force or who would like to become involved in a DUI task force, must apply for 410 funding. The DUI task force process no longer will be done separately.**

When developing your proposal:

1. Please create your proposal in Word, save the file to your computer and then upload into the proposal website. This will eliminate the possibility of you losing your information. If you create the entire proposal on the website, you run the risk of the system "timing you out" and you will lose information.
2. When you submit your proposal, make sure that the Proposal Status changes to "Proposal Submitted" and that you receive an email indicating that the proposal was successfully received. This will ensure that your proposal is reviewed by GOHS.
3. If you do not remember your password, you can retrieve that information through the website by following the prompts in the log-on box. Click on "Forgot password?" and you will be prompted.
4. If you do not remember your user name, you will be required to contact one of the Project Coordinators. They will be able to provide you with this information.
5. There is a User Guide also on the website to assist you.

The FY2009 Proposal Guide can be printed from our website at: www.azgohs.gov starting Monday, March 31, 2008. If you want a Proposal Guide e-mailed or faxed to you, please send your request to jcarlisle@azgohs.gov. If you or your staff has questions regarding the development of your proposal or questions regarding the website, please contact one of the GOHS Project Coordinators in Phoenix at 602/255-3216 or Tucson at 520/790-5124.

Sincerely,

A handwritten signature in black ink that reads "Richard G. Fimbres". The signature is written in a cursive, flowing style.

Richard G. Fimbres, Director
Governor's Highway Safety Representative
